~~(a) Improvement of residual vision is one of the most important services made available to individuals with severe visual impairments.~~ Applicants for low vision services must have an initial eye examination prior to referral. The conditions in (1) - (3) of this Subsection serve as guidelines for selecting referrals for low vision services:

(1) Visual acuity with corrected refraction poorer than 20/80.

(2) Condition stable or slowly progressive.

(3) Individual motivated to utilize residual vision.
