(b) Personal or work adjustment training is the provision of skills or techniques for the purpose of enabling the individual to compensate for the loss of a member of the body or the loss of sensory function. Personal or work adjustment training includes conditioning ~~(sometimes referred to as to work hardening)~~ activities for developing work tolerance, work therapy, occupational therapy, lip reading, speech training and speech correction, auditory training, gait training, diabetes management courses, driver's training, and mobility training. This service does not require client participation in cost of services.
